I'm just so happy ACES exists

I appreciate the support I feel with ACES membership.

What I like most is the sense of belonging to a community of thoughtful, hard-working, skilled professionals.

Happy about the improvements in ACES over the past several years.

ACES is the one no-brainer because I feel that with the chats, newsletters and workshops I am actually getting my money's worth.

You spoke

Too much focus on news

Need more focus on news.

Not enough activities geared toward young professionals

Add more activities for retirees

Too much about discounts, bootcamps, conference and online learning in eblasts.

More on discounts and training!

You spoke

The website — it's so hard to navigate!

The member center is in desperate need of an update

The member center is useless in my mind.

Do more about jobs

I guess I don't think I'll get help finding a job through ACES.

ACES could have a better freelancer directory

Where is the freelance directory?

The logo for the American Copy Editors Society (ACES) features the word "ACES" in a large, bold, black sans-serif font. A yellow pencil with a pink eraser and a sharpened lead tip is positioned horizontally, passing through the center of the letters. Below the acronym, the words "AMERICAN COPY EDITORS SOCIETY" are written in a smaller, black, all-caps sans-serif font.
